To Whom It May Concern:

I am writing this letter to recommend Karl Aghassi, Jr. for your home renovations. Karl served as our contractor in 2002 when we renovated our house in Brookline, which we had neglected for some 35 years. We wrote a long letter of recommendation about him then and seven years later, when several accumulated smaller problems needed attention, he again came to the rescue and solved these problems with his usual excellence and efficiency. This spring, when time came to repaint the exterior of our house, he again did an excellent job. Mr. Aghassi seems to always put together a knowledgeable, courteous and dependable team of workers in all the disciplines needed to provide any service that you may need. I highly recommend him!

Sincerely,

Michael Gruenbaum
